

**ASIS International**  
**Central Pennsylvania Chapter 79**  
**Virtual Meeting Minutes - October 15, 2020**

Rick Gilbert: 9:01 AM: Call to order.

- Rick Gilbert thanked the group for attending the virtual meeting via Zoom and advised the group that the meeting notes were being recorded by the Chapter Secretary.
- Rick reviewed the virtual meeting plan and stated that we will start with the guest presentation after a few other items are covered.
- Rick advised that per the recent chapter survey results, we will continue with morning meetings.
- The December 10<sup>th</sup> virtual joint seminar with Infragard will still occur. More details to follow.
- Matt Bennett reported that the current chapter bank balance is \$13,200. There are two \$350 scholarships outstanding which gives an actual operating balance of \$12,500. The only bill we have is \$35 per month for the chapter web-site.
- Rick advised that the annual chapter elections are coming up in the near future. Elected Officer positions include Chairman, Vice-Chairman, Secretary, and Treasurer. There are also many non-elected positions available for members that are interested in becoming more involved.
- Rick then welcomed guest speaker Jerry Turning, a Police Officer from New Jersey. Jerry's son Eric, was diagnosed at a very early age with autism. Jerry gave a very powerful talk that offered a great deal of helpful information for first responders and security professionals when they encounter persons on the Autism Spectrum.

- With nothing further to report and no more questions/comments from the group, the zoom meeting was ended at 10:08 AM.

Included in the Zoom conference were:
